

Afternoon - 2 hours to my hotel - ~~next~~
This afternoon I took
a walk with my dog. We had a long
walk around the city. We saw many
interesting things. We also saw
many birds. We saw a lot of
different kinds of birds. We saw
a lot of different kinds of birds.
Evening - I went to the beach
and swam in the ocean.
Night - I went to bed early.
I slept well and had a good night's sleep.
I am looking forward to my next trip.

In case of loss, please return to:

Stephen Farn

As a reward: \$

Dream

5/3

The Night before,
For the first time in a while I'm writing.
Fragile glass & various art pieces line the room.
Though I feel comfortable here,
anything could break at any time.
In one corner flames & hair.
No one tells the lights to turn on

The next day I wake up feeling somewhat better
than I was before.
The racing thoughts of death & demise have been
evacuated from my mind
and in its place is a toddler, shocked face, exploring
the world for the very first time.
In no race to wake up I make coffee
and sit out on the porch.

I probably spend more time lying down thinking about
doing a task than it would take me to do the task.

The night starts oddly with a sip & a drink.
haven't even put pants on.
Trying not to think so hard.

12
Drew
Afterwards I took out my
camera because I was
interested in the colors & could almost
start drawing but I just
wanted to hear how what was
and I could never find any I
hadn't at first but now all

the colors called up I just sat
out on the I saw
and start sketching the to the right
from you with the same
colors past colors, without a lot of time
and tried to make them look
better (I am still at 220 on my
camera) so I am still no too bad.

to take pictures with different ones like plaid or I
was with my best blues, will get a few

advantages the plaid starts off
no strong top and bottom
but a spot of fall print

5/3-5/4

It's starting to feel like nothing's going to last forever.

So what just sitting here.

Trying to write because I'm not feeling it

or maybe I'll go for a walk,

but I should probably eat first, Rice time

Not sure what my dreams were last night
but I'm sure they're juicy

Take a shot, did I miss?

never know & I won't remember

because ~~I'm trying to~~

just keep trying to see the light

And so in space I will still be way from
down here,

"This story of mine will go on told"

The life of a failure from days of old.

not cultivate, watch things grow,

harvesting, as my family can eat more,

so peaceful. Satisfied only from my
~~satisfies~~ ~~my~~ ~~rejoice~~ ~~content~~ ~~content~~ ~~content~~

But lately the sun goes nothing

no peace, my first was torn up, broken

I had to leave,

Can I take you somewhere you have to see?

This modern day world from the perfect city

just lay down,

~~relax your body~~, relax & just breath

fall off me now go out & baby,

"Looky down from above,

I nearly lost

ONLY Lights

* Caught

Oh I'm sorry I didn't see you in the mirror
one day I saw a man standing in a mirror.
his eyes were white, pale white.

but ever changing, like spheres of mist, & white,
~~water~~, translucent, sun kissed.

Though his appearance looked like me

~~I could tell he was another guy
worn by the test of time.~~

and his hands and feet moved in unison w/ him
I could tell he was ~~another guy~~
but a different mind.

"Let me tell you about a different time"
and so he spoke I could tell he was from a
different time.

"This story of mine will go untold"
The life of a farmer from days of old.
just cultivating, watching things grow.

harvesting, so my family can eat more,
so peaceful he wouldn't ask for more,
Satisfied, ~~not much more~~ I write one last

But lately I've been so restless
no peace, my farm was torn up, distressed
I had to leave,

Can I take you somewhere you have to see?
This modern day world from the primitive story
just lay down,
~~release your body~~, relax & just breath
fall all over as we go out of body.

"looking down from above...
To really live"

I really hate the idea of talking about ~~current~~
sex, money and drugs in a rap. I
Not saying im above it all, but it's not me
that's want to talk about it all, I'm not.
Seems like a waste of time ~~to do~~
because every one has one, why not just drop her
not trying to be above it at all, why not just
I'd just rather talk about something more pressy
~~thunk~~ Or sit in silence until our conversation ends.

I see you taking out your phone
don't be hasty to hapt.

You act like nothing is wrong but it's just me & you
at a table eatin dinner for two
can you please just enjoy the
there is no play or or game
I'm not trying to get mad or whatever,
It's just that your twitter account doesn't get hungry and
and taking pictures ~~doesn't~~ ~~feel like~~
of food doesn't feel her.

Then never.

Just enjoy your day by day.
I know it's hard but life's no easy game.
